

## ODM MC500CX Water Tanker Manhole Cover With Clamp

Our Product Introduction

for more products please visit us on [fueldispensermachine.com](http://fueldispensermachine.com)

### Basic Information

- Place of Origin: Anhui China
- Brand Name: Bernet
- Certification: ISO9000,CE
- Model Number: MC500CX
- Minimum Order Quantity: 2pcs
- Price: \$90-100.00/pieces10-199 pieces
- Packaging Details: 1pcs/carton
- Delivery Time: 20days
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 10000pcs per month

### Product Specification

- Load Capacity: 40 Tons
- Shape: Round
- Hinge Type: Swing
- Handle Type: Lifting Handle
- Load Rating: EN124 Class D400
- Locking System: Bolted
- Bolt Quantity: 6
- Material: Ductile Iron
- Bolt Type: Hexagon Head
- Surface Treatment: Epoxy Coating
- Size: 600mm
- Sealing System: Rubber Gasket
- Application: Tanker Trucks
- Opening Direction: Vertical
- Highlight: **ODM Tanker Manhole Cover ,**

## Product Description

### Product Overview

MC500CX Manhole Cover is Emergency Exhausting Design with clamp connection.

When the tanker truck is in high temperature condition, the manhole will automatically exhaust the air inside to release the pressure, ensuring the safety of the tanker. With P/V Vent inside, when there is a pressure difference inside and outside the tanker, it will automatically inlet or exhaust air to adjust the pressure so that it can ensure the safety and environmental protection. Secondary Open Design: When open the up binder plate, it will release the pressure out to prevent the workers from pushing over. Blinding Holes Design: In the main plate of the Manhole, there are two blinding holes that can be installed with Optic Sensor, Dip Tube or Outer Vacuum Valve according to the user's demand.

Installed on the top of the tanker to prevent the inside fuel from leakage when the tanker is over rolled. It is suitable to transport petroleum, diesel, kerosene, and other light fuel, etc.

Whole diameter	20inch
Nominal diameter	10
Emergency open pressure	21KPa-32KPa
Max emergency flow rate	7000mh (when 34 KPa)
Temperature range	-20°C ~+70°C
Installation mode	Hoop type
Material	Carbon steel

### FAQ

#### 1. who are we?

We are located in Anhui, China, started from 2009, selling to Africa(50.00%), Asia countries(20.00%), Mid East(20.00%), South America(10.00%). There are total about 51-100 people in our company.

#### 2. how can we guarantee quality?

100% testing before delivery.
