

## Hot Selling Bernet Brand 1-2line Bnt50W Fule Dispenser

Our Product Introduction

for more products please visit us on [fueldispensermachine.com](http://fueldispensermachine.com)

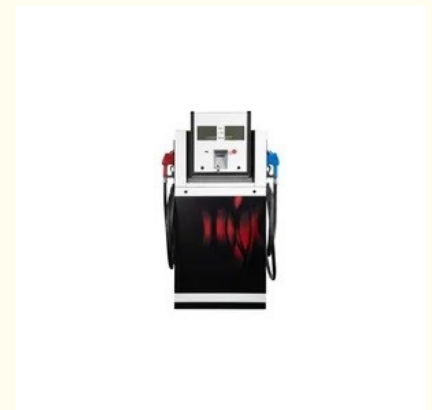

### Basic Information

- Place of Origin: Anhui China
- Brand Name: Bernet
- Certification: ISO9001.ATEX,UL,MID
- Model Number: BNT50W111/211/212/222
- Minimum Order Quantity: 2PCS
- Price: \$857.00-\$1,643.00/pieces 10-100 pieces
- Packaging Details: 1PCS PER CARTON
- Delivery Time: 10-15days
- Payment Terms: L/C,T/T,Western Union,D/P
- Supply Ability: 100 Piece/Pieces per Month

### Product Specification

- Certificates: ISO9001.ATEX,UL,MID
- Material: Steel
- Solenoid Valve: 1 To 2
- Nozzle: 1 To 2
- Capacity: Aluminum
- Line: 1 To 2 Line
- Flow Meter: Piston Flow Meter
- Function: Filling Gasoline
- Highlight: Hot Selling Bnt50W Fule Dispenser, Bernet Brand Bnt50W Fule Dispenser, 1-2line Bnt50W Fule Dispenser

## Product Description

Hot Selling Bernet Brand 1-2line Bnt50W Fule Dispenser

Fuel Dispenser: Reliable and Efficient Performance

The fuel dispenser is a critical component in modern fueling stations, designed to deliver precise and efficient fuel transfer. Built to withstand harsh conditions, this fuel dispenser operates seamlessly in ambient temperatures ranging from -40°C to +55°C, ensuring reliability in extreme climates. With a maximum flow rate of 50L/min or 80L/min, the fuel dispenser guarantees fast and efficient fueling, minimizing wait times for customers.

Equipped with an inlet vacuum of  $\geq 54$ kpa, the fuel dispenser maintains optimal performance while reducing the risk of vapor leaks. Its noise level is kept below 70dB(A class), ensuring a quieter operation for a more comfortable user experience. The fuel dispenser features a single range of 1~9900.00, providing accurate measurements for every transaction.

The fuel dispenser offers flexibility with 1 to 2 solenoid valves, 1 to 2 lines, and 1 to 2 nozzles, catering to diverse fueling needs. Constructed with durable steel and aluminum, the fuel dispenser combines strength with lightweight efficiency.

Whether dispensing oil or other fuels, this fuel dispenser is engineered for longevity and precision.

In summary, the fuel dispenser is a high-performance, versatile solution for fueling stations worldwide. Its robust design, advanced features, and reliable operation make the fuel dispenser an indispensable tool in the fuel industry. Choose the fuel dispenser for efficiency, durability, and superior performance.
