

Bernet Brand HDF80fs/80RS Emergency Shut-off Valve for Fuel Tank Truck

Our Product Introduction

for more products please visit us on fueldispensermachine.com

Basic Information

- Place of Origin: Anhui China
- Brand Name: Bernet
- Certification: ISO9001.ATEX,UL,MID
- Model Number: HDF80FS/HDF80RS
- Minimum Order Quantity: 5PCS
- Price: \$54.00-\$60.00/pieces 10-100 pieces
- Packaging Details: 1PCS PER CARTON
- Delivery Time: 10-15days
- Payment Terms: L/C, T/T, D/P, Western Union
- Supply Ability: 1000 Piece/Pieces per Month

Product Specification

- Type: Bottom Valve Series
- Working Pressure: 0.6MPa
- Specification: 54X50X65 Cm
- Material: Aluminium Alloy
- Structure: Safety
- Operating Temperature: -20°C~+70°C
- Transport Package: 6.500 Kg
- Highlight: **HDF80fs/80RS Emergency Shut-off Valve, Bernet Brand Emergency Shut-off Valve**

Product Description

Bernet Brand HDF80fs/80RS Emergency Shut-off Valve for Fuel Tank Truck

High-Performance Aluminium Alloy Fuel Dispenser for Fuel Tank Trucks

The fuel dispenser constructed from durable aluminium alloy represents the latest advancement in fuel transfer technology. As part of the bottom valve series, this fuel dispenser incorporates enhanced safety features that make it ideal for fuel tank truck applications. With an operating temperature range of -20°C to +70°C and working pressure of 0.6MPa, this fuel dispenser delivers reliable performance in demanding environments.

Designed with a compact specification of 54×50×65 cm and transport weight of 6.500 kg, the fuel dispenser offers exceptional portability without compromising structural integrity. The aluminium alloy construction ensures corrosion resistance while maintaining the fuel dispenser's lightweight properties.

Safety remains paramount in this fuel dispenser's design, featuring multiple protective mechanisms to prevent leaks and ensure secure fuel transfer operations. The fuel dispenser's robust construction meets industry standards for fuel handling equipment, making it suitable for commercial and industrial applications.

Whether used in fuel distribution centers or mobile fueling operations, this fuel dispenser provides efficient and safe fuel transfer solutions. The fuel dispenser's advanced engineering combines durability with performance, establishing it as a preferred choice for professionals in the fuel industry.

Product Parameters:

Brand	BERNEET
Place of Origin	Anhui,China
Product Name	HDF80FS Emergency Bottom Valve
Customized support	OEM
Warranty	12months
Material	Aluminum Alloy
Temperature of Media	Medium Temperature, Normal Temperature
Operating Temperature	-20°C~+70°C
Working pressure	0.6MPa
