

Small Measurement 10L Hander and Stainless Steel Type Bernet Mt10sk Metering for Gas Station

Our Product Introduction

for more products please visit us on fueldispensermachine.com

Basic Information

- Place of Origin: Anhui China
- Brand Name: Bernet
- Certification: ISO9001.ATEX,UL,MID
- Model Number: MT10SK
- Minimum Order Quantity: 5PCS
- Price: \$89.00/pieces 10-100 pieces
- Packaging Details: 1PCS PER CARTON
- Delivery Time: 10-15days
- Payment Terms: L/C, T/T, D/P, Western Union
- Supply Ability: 1000 Piece/Pieces per Month

Product Specification

- Nominal Capacity: 10L
- Magnitude Of Discharge: 5--90L/Min
- Material: 1Cr18Ni9Ti Stainless Steel
- Specification: 360mmx320mmx615mm
- Highlight: **Gas Station Metering, Stainless Steel Metering, 10L Hander Metering**

Product Description

Small Measurement 10L Hander and Stainless Steel Type Bernet Mt10sk Metering for Gas Station

BERNET Metering Tank Model MT10SK – Precision and Reliability

The BERNET Metering Tank Model MT10SK is designed for accurate measurement and handling of oil in medium to normal temperature environments. Featuring a durable 1Cr18Ni9Ti stainless steel construction, this metering tank ensures long-lasting performance and resistance to corrosion. The measuring barrel, a key component of the device, is engineered for precision, offering a nominal capacity of 10L.

With dimensions of 360mm x 320mm x 615mm, the MT10SK is compact yet highly efficient. The measuring barrel is crafted to maintain consistent accuracy, even under varying operational conditions. Its robust design makes the measuring barrel ideal for industrial applications where reliability is critical.

The measuring barrel's smooth interior surface minimizes residue buildup, ensuring clean and efficient operation. Each measuring barrel is meticulously tested to meet stringent quality standards. The MT10SK's measuring barrel is also easy to maintain, reducing downtime and enhancing productivity.

Whether used in oil processing or other industrial settings, the measuring barrel in the MT10SK delivers unmatched performance. The BERNET Metering Tank, with its high-quality measuring barrel, is a trusted solution for precise liquid measurement.

In summary, the MT10SK's measuring barrel stands out for its durability, accuracy, and ease of use. For applications requiring a dependable measuring barrel, the BERNET Metering Tank is an excellent choice. The measuring barrel's design ensures optimal functionality, making it a vital component in any operation. Trust the measuring barrel in the MT10SK for consistent, reliable results every time.
