

High precision, high reliability, easy to carry Bernet band portable tube flow meter for gas station

Our Product Introduction

for more products please visit us on fueldispensermachine.com

Basic Information

- Place of Origin: Anhui China
- Brand Name: Bernet
- Certification: ISO9001.ATEX,UL,MID
- Model Number: PTM80
- Minimum Order Quantity: 5PCS
- Price: \$1100.00-1200.00 10-100 pieces
- Packaging Details: 1PCS PER CARTON
- Delivery Time: 10-15days
- Payment Terms: L/C, T/T, D/P, Western Union
- Supply Ability: 1000 Piece/Pieces per Month

Product Specification

- Applicable Medium: Gasoline, Diesel, Kerosene, Ethanol Gasoline And Other Oil Products
- LCD Screen: English Interface, 7 Digits Display
- Accuracy: $\pm 0.1\%$
- Repeatability Repeatability Accuracy: $\pm 0.02\%$
- Product Weight: 6kg
- Body Material: Aluminum
- Flowrate Range: $8-80\text{m}^3 / \text{H}$ (130-1300L / Min)
- Minimum Scale: 1L
- Temperature Range: $-25\text{ }^{\circ}\text{C} \rightarrow +55\text{ }^{\circ}\text{C}$
- Power Supply: 2 3.6V Lithium Batteries (battery Life Is About 2)
- Highlight: **High precision portable tube flow meter, High reliability portable tube flow meter, Gas station portable tube flow meter**

Product Description

High precision, high reliability, easy to carry Bernet band portable tube flow meter for gas station

Portable Tube Flow Meter: Precision Measurement for Multiple Fuel Types

The Portable Tube Flow Meter is an advanced measuring device designed for gasoline, diesel, kerosene, ethanol gasoline, and other oil products. With its high-precision aluminum body and English interface LCD screen (7-digit display), this Portable Tube Flow Meter delivers exceptional accuracy of $\pm 0.1\%$ and repeatability of $\pm 0.02\%$, making it ideal for demanding fuel measurement applications.

Weighing just 6kg, the Portable Tube Flow Meter offers unmatched portability without sacrificing performance. Its wide flow rate range of 8-80m³/h (130-1300L/min) with a minimum scale of 1L ensures precise measurements across various operational conditions. The Portable Tube Flow Meter operates reliably in temperatures from -25°C to +55°C, making it suitable for both extreme cold and hot environments.

Powered by two 3.6V lithium batteries (with approximately 2 years of battery life), the Portable Tube Flow Meter combines energy efficiency with long-lasting performance. Its durable aluminum construction ensures the Portable Tube Flow Meter withstands harsh field conditions while maintaining measurement integrity.

Whether for fuel transportation, distribution, or inventory management, the Portable Tube Flow Meter provides accurate, real-time data with exceptional reliability. The Portable Tube Flow Meter is particularly valuable for field technicians who require a lightweight yet robust solution for fuel measurement.

With its combination of precision, portability, and durability, the Portable Tube Flow Meter stands as an essential tool for professionals in the petroleum and fuel industries. The Portable Tube Flow Meter sets new standards for accuracy and convenience in mobile fuel measurement applications.

Product Description:

item	Portable Tube Flow Meter For Gas Station
Warranty	1 Year
Customized support	OEM ODM
Place of Origin	China
	Anhui
Brand Name	BERNET
