## Product Description

Bernet Brand 17-Keys Waterproof Membrane Control Button Electric Power keypad for Fuel Dispensers

Keypad introduction:

The BERNET keypad, model BNT-K25P3M, is a versatile and durable input solution designed for various industrial and commercial uses. Originating from Anhui, China, this electric keypad offers exceptional performance with customizable OEM and ODM support. Crafted from high-grade plastic materials, including PE frames and PC/PET buttons, the keypad ensures longevity and reliability.

One standout feature of this keypad is its waterproof and anti-scratch properties, making it ideal for harsh environments. The back adhesive (3-m/normadhesive) provides secure mounting, while the display supports counts from 0 to 99999. Whether for medium or normal temperature applications, this keypad delivers consistent functionality.

The BERNET keypad is backed by a 1-year warranty, guaranteeing customer satisfaction. Its ergonomic design ensures comfortable use, and the sturdy construction enhances durability. With options for customization, this keypad can be tailored to meet specific requirements.

In summary, the BERNET keypad is a high-performance, adaptable input device suitable for numerous applications. Its robust build, advanced features, and reliable performance make it a top choice. If you need a dependable keypad, the BERNET BNT-K25P3M keypad is an excellent solution.
