Product Description

Bernet Gas Station Kanopi Valves Oil Storage Tank Level Monitor

Storage Tank Level Monitor

Storage Tank Level Monitor Introduction

We are pleased to introduce our outstanding Storage Tank Level Monitor. This remarkable product hails from Anhui, China, under the reputable brand Bernet.

The Storage Tank Level Monitor features a check structure, ensuring stable and reliable operation. It is designed for use with ordinary notebooks and can be manually operated, providing users with convenient control.

With the models RS485/RS232 and AG/C, the Storage Tank Level Monitor offers diverse options to meet different requirements. It is made of metal, which gives it high durability and resistance to various environmental factors.

The precision of the Storage Tank Level Monitor is $\pm 3\%$, enabling accurate level measurement of the storage tank. It can work in medium temperature, normal temperature, and other conditions, and has an explosion - proof sign of Ex(ia)IICT6, making it suitable for use in potentially explosive environments. The medium it can monitor is petroleum.

We support OEM and ODM services, allowing customers to customize the Storage Tank Level Monitor according to their specific needs. Moreover, we offer a 1 - year warranty for the Storage Tank Level Monitor. If you are looking for a high - quality and reliable storage tank monitoring solution, our Storage Tank Level Monitor is the ideal choice. The Storage Tank Level Monitor will provide you with excellent performance and peace of mind.
